

Cookie Policy Lighting Text

This clarification text contains the Personal Data No. 6698 about your personal data that will be automatically processed through cookies during your visit to the website at www.enev.org.tr (“website”) managed by Enev, by the Accessible Education Foundation (“Enev”) as the data controller. It has been prepared with the aim of informing you as the relevant person in accordance with the Law on the Protection of the Law (“Law”) and the relevant legislation. In this text, you are also provided with information about what types of cookies are used for what purposes on the website and how you can control these cookies.

This clarification text was updated on 01.07.2021, and if the declaration is partially or completely renewed by Enev, the effective date will be updated and made available to the relevant people via our website and application. Through the cookies stored on your device by the website, your personal data, which is separately specified for each cookie in the table below, is processed on the legal basis specified below for each type of cookie, in order to make the most efficient use of the website and improve your user experience. Your processed personal data is shared with third party suppliers who provide the services of the relevant cookie, limited to what is necessary for the realization of the above-mentioned purposes and in accordance with the legislation; however, it can also be shared with authorized public institutions when required by law.

What is a cookie and why is it used?

Cookies are small text files that are stored on your device or network server via browsers during your visit to the website and application.

We use cookies for the following purposes:

Remembering your navigation and usage preferences during your visit to Enev sites (eg display language, location-specific site display, etc.), facilitating the use of Enev sites and customizing Enev sites according to your preferences,

Ensuring that various features and functions of Enev sites work properly (e.g. keeping you logged in, embed dynamic content, etc.),

To collect general, non-personal information about how Enev sites are used by visitors, such as the most clicked links, the most visited pages, the number of error messages viewed, and analyze this information to make the wrong pages work, to improve our site, to remove or improve the unpreferred pages;

The data we collect through cookies is not used for identifying your identity, for personal profiling, or for tracking your activities on websites other than the Site.

Cookies are not used for purposes other than those specified in this Policy, and all relevant transactions are carried out in accordance with data protection legislation. For more detailed information about the processing of your personal data by us, please read the Enev Personal Data Protection and Processing Policy.

What are the Cookies Used?

Google Analytics, CloudFlare, Hotjar and Grav cookies are used on the website. If you accept cookies processed through the servers of suppliers whose servers are located abroad, your personal data obtained through these will be transferred abroad based on your express consent.

COOKIE	NAME	DESCRIPTION, DURATION AND PREFERENCES	LEGAL BASIS
Google Analytics	_ga, _gid, _gat	<p>Such cookies enable the collection of all statistical data, thereby improving the presentation and use of the Site. By adding social statistics and interest data to these statistics, Google helps us better understand users. Our site uses Google Analytics cookies. The data collected with the said cookies are only statistical anonymous data about the use of the website, they are transferred to Google servers in the USA and the said data is stored in accordance with Google's data protection principles. You can click here to learn more about Google's analytical data processing activities and policies on personal data protection. Maximum Retained Time: 720 Days Used: 180 Days</p> <p>Cookies Control:</p> <p>https://tools.google.com/dlpage/gaoptout</p>	Open Consent

CloudFlare	__cfduid	It helps detect malicious visitors and blocks illegitimate users. Required to support Cloudflare's security features. The _cfduid cookie collects and anonymizes End User IP addresses using a one-way hash with certain values so they cannot be personally identified. Maximum Retention Period: 365 Days	Open Consent
Hotjar	grav-site-cb415a7	This cookie is set when the client first comes to a page with a Hotjar script. It is used to protect the random user ID unique to that site in the browser. This ensures that behavior on subsequent visits to the same site is attributed to the same user ID. Maximum Retention Period: 365 Days	Open Consent
Grav	grav-site-cb415a7	This cookie is used to ensure that the forms that the user fills in the site are submitted by the user. Duration: Throughout the session.	Open Consent

How Can I Control the Use of Cookies?

You can use the tool offered to you on the website or customize your preferences for cookies by changing your browser settings.
